

## Screenshots Phase – 3

### 1. Home Page

### 2. Admin Login

The screenshot shows the admin login page. It features a black header bar with the text "Welcome to LaptopZone" in white. Below the header, the page has a white background. The title "Admin Login" is centered at the top of the form area. Below the title, there are two input fields. The first is labeled "AdminUsername" and has a red error message below it that says "The AdminUsername field is required." The second is labeled "AdminPwd" and also has a red error message below it that says "The AdminPwd field is required." Below these fields is a blue button with the text "Login" in white. At the bottom of the form, there is a blue link that says "Back to index".
